## 1. INTRODUCTION

This report complies with client protection and transparency requirements set forth in stock market regulations, Delegated Regulation (EU) 2017/576 of the Commission, dated 8 June 2016 which complements Directive 2014/65/EU of the European Parliament and the Council regarding the technical regulation standards for the annual publication by investment firms of information on the identity of the execution venues and on the quality of the execution (hereinafter, the “**Delegated Regulation**” or “**RTS28**”).

The European Securities Market Authority (ESMA) requires that the companies that provide investment services publish the identity of the top five venues for client order execution for each financial instrument category, as well as information regarding the quality of the executions obtained by the company.

The information to publish is divided in two parts:

1. *Best Execution Report*: information required in compliance with Article 3, Sections 1 and 2, of Delegated Regulation (EU) 2017/576.
2. *Analysis and Conclusions of Order Executions*: information required in compliance with Article 3, Section 3, of Delegated Regulation (EU) 2017/576.

For a certain class of financial instruments, an investment services company can provide order execution services, order retransfer services or both. These companies must provide two separate reports in relation to these services. These reports must be differentiated insofar as investment companies must state the top five execution venues on the one hand and, on the other, the top five intermediaries (broker) used to execute their clients' orders during the relevant period.

This report, *Report about used brokers when transmitting client orders and their quality results – Transmission Report*, has taken into account the nature of each financial instrument to provide a summary of the top five brokers used by CaixaBank Wealth Management Luxembourg, for transmitting the execution of its clients' orders; however, it is presented in consolidated form where the information is common to several or all classes of financial instruments, as regards close ties, conflicts or shared ownership, as well as information on payments, reimbursements and profits.

This document contains the information required by the aforementioned Delegated Regulation, published by CaixaBank Wealth Management Luxembourg in a computer-readable electronic format that can be downloaded by the public via the website of the Company ([https://www.caixabankwealthmanagement.lu/home\\_en.html](https://www.caixabankwealthmanagement.lu/home_en.html)).

### 3.9 EXPLANATION OF HOW CAIXABANK WEALTH MANAGEMENT LUXEMBOURG HAS USED ALL DATA OR INSTRUMENTS REGARDING THE QUALITY OF THE EXECUTION, INCLUDING ALL DETAILS PUBLISHED IN COMPLIANCE WITH DELEGATED REGULATION (EU) 2017/575.

The services of "BME InnTech" have been contracted to analyses the Best Execution results obtained by CaixaBank Wealth Management Luxembourg for its clients, as an external source of information to prepare the "Transaction Cost Analysis" (hereinafter, "**TCA**"), that provides CaixaBank Wealth Management Luxembourg with a third party verification of the integrity of the results, order by order.

To prepare the TCA report, BME InnTech takes into consideration the order books of each market at the time each order is sent, from which a consolidated book is drawn up. Depending on the type of order and its nature (buy/sell), the information of the best possible scenario (*benchmark*) is extracted.

Using the *benchmark* as a reference, BME InnTech compares it with the actual execution of each order and obtains two diagnoses:

1. **Achievement of the best result.** These data are binary. Best result achieved (yes/no).
2. **Deviation with regard to the *benchmark*.** Calculates the % of price deviation over the best possible result. The result is expressed in basis points of deviation of the actual result obtained over the *benchmark*.

Among other data, the TCA report shows an aggregate of the results of each order; it shows the % of total orders that have achieved best execution (% of "yes" versus total) and the weighted mean - for the cash of each order - of basis points of deviation.

Also public data provided by execution venues according to Delegated Regulation 2017/565/UE has been considered for this purpose.

### 3.10 EXPLANATION OF HOW CAIXABANK WEALTH MANAGEMENT LUXEMBOURG HAS USED THE INFORMATION FROM A CONSOLIDATED INFORMATION PROVIDER, IN COMPLIANCE WITH ARTICLE 65 OF DIRECTIVE 2014/65/EU.

CaixaBank Wealth Management Luxembourg has not used information from a Consolidated Information Provider (CIP).
